

Reflection Session on “We do Works of Mercy, We become Merciful”

A Reflection Session on the theme of this year's *Teg-o-Sheba Abhijan* (Lenten Campaign) that is “We do Works of Mercy, We become Merciful” was held on 27 November 2016 at Caritas Central Office with the active participation of all staff members of Caritas Central Office (CO) and Caritas Development Institute (CDI). The sharing session including group discussion and sharing on group reflection was conducted by Rev. Fr. Liton Hubert Gomes, CSC, the Spiritual Advisor of CO and CDI. Mr. Francis Atul Sarker, Executive Director of Caritas Bangladesh welcomed all in his opening speech and said that we got a precious opportunity to review ourselves through our works in the Year of Mercy.

The group discussion was followed by few guiding questions on personal reflection of each staff on the theme. From the sharing on group reflection it was identified that most of the staff members tried to do more works of mercy by extending various support such as physical, intellectual, in cash & kind, etc. both under the organizational structure and their personal, familial and social engagement. Group members also shared that by improving human virtues they also participated in works of mercy to others like showing kindness, having patience, and controlling grievance or negative expression to others. The session ended by the closing words of Mr Ranjon Francis Rozario, Assistant Executive Director (Programs).
